Direct Healthcare Group has a unique easy transfer concept, the market's widest and most complete range of clever, easy-to-use and safe assistive devices for all types of patient transfers and manual handling requirements.

The concept encompasses assistive devices for four different categories of transfers:

Transfer: for sitting and lying.
Positioning: for lying and sitting positioning.
Support: from lying to sitting, sitting to standing and walking.
Lifting: for manual and mechanical lifting of users.

This flyer provides an overview of a selection of our transfer and lifting aids. For more information, and to see all available devices and solutions, please visit our website www.directhealthcaregroup.com

You are welcome to place orders with your local Direct Healthcare Group Business Development Manager.
