

Olympia Bariatric

10550 The Olympia Bariatric bed combines an exceptional functionality and a high carrying capacity to support the treatment of bariatric patients.

10550 | Olympia Bariatric

Electric protection class I

The bed is earthed by means of the mains cable.

The advantages are:

- An increased ESD (electrostatic discharge) immunity.
- A drop in the electromagnetic field.

Carriage

- Very stable high/low adjustment by means of a support arm system (lifting capacity of 500 kg).
- Trendelenburg and Reverse Trendelenburg adjustment up to $\pm 15^\circ$.
- High quality heavy-duty Twin castors $\varnothing 150$ mm with wheel lock.
- Double design pedal to activate the central brake

mechanism.

- The brake pedal is accessible in all bed positions.
- The open carriage improves the accessibility under the bed and the ease of cleaning.

Mattress platform

- Mattress platform with 4 sections, adjustable in width (91 - 111 - 131).
- The backrest is electrically adjustable up to $\pm 70^\circ$ with autoregression.
- The knee rest is electrically adjustable up to $\pm 34^\circ$.
- The electric manipulation of the mattress platform section is equipped with a clamp safety.
- Manual quick release of the backrest.
- Battery with alarm signal.
- Mattress platform with solid laminate sections of 6 mm.
- Equipped with cutouts for patients restraint straps.
- Backrest and footrest are equipped with 2 integrated

mattress holders.

- Standard with a telescopic bed extension up to +20 cm.
- Equipotential connection.
- The 4 bed corners are equipped with integrated bumpers.
- The 4 bed corners are equipped with cases to install an IV rod or a lifting pole.
- Bed panel with a solid laminate filling panel, choice out of 3 different width (104-124-144).
- The side beams on both sides are equipped with 3 synthetic accessory hooks.

Electric bed manipulations

- The electric functions can be activated by means of a hand switch, a *mini-nurse box* or a *nurse box* (*).
- The hand switch is equipped with a pre-programmed sleeping function.

- A *mini-nurse box* or a *nurse box* (*) makes it possible to switch off several functions selectively.

Dimensions and technical data

- Width: 104 - 124 - 144 cm, Length: 214 cm
- Height variation of the mattress platform:
 ± 42 cm - ± 82 cm
- Clearance height: 150 mm
- Safe working load: 500 kg
- Weight (with options): 209 kg
- Mattress platform dimensions: 206 x 91-111-113 cm
- Mattress dimensions: 195 x 90 cm, thickness: 14 to 22 cm

Materials and finishing

- Metal: Epoxy-coating RAL 9006 *white aluminium* or chrome.
- Solid laminate.
- Hinge points with self-lubricating synthetic bearings (= maintenance-free).
- Withstands the common cleaning products.
